

## Customer opinions about Transline Software Localization

### **ABB STOTZ-KONTAKT GmbH** **Heidelberg, Germany**

"Transline has been our reliable partner for SAP translations since 2010. Transline's service is characterized not only by high-quality translations of our SAP documentation, but also by fast processing times and adherence to delivery dates."

### **AFI – P.M. Belz Agentur für Informatik GmbH** **Stuttgart, Germany**

"Over the years, we have built a solid relationship with Transline. Transline has created high-quality language versions of our software solutions in 14 languages for our customers and thus contributed significantly to the success of our customer projects."

### **conlutio GmbH** **Bruchsal, Germany**

"Transline played a central role in the translation of our xtMail Suite product. We were particularly convinced by the quality and speed of the translation, but also by the smooth communication, which helps us to recommend Transline as the ideal partner in the field of SAP translations."

### **Deutsche Bahn AG** **Frankfurt, Germany**

"Transline has captured the translation processes initiated by Deutsche Bahn very well, proactively helped to shape them, and managed the translation with a high level of quality awareness and the greatest possible flexibility."

### **DSAG – Deutschsprachige SAP Anwendergruppe e.V.** **Frankfurt, Germany**

"The flexible Transline team always provides us with reliable support, even when we need a translation quickly. Working with them is a pleasure we enjoy whenever we can."

### **Gutenberg Rechenzentrum GmbH & Co. KG** **Hanover, Germany**

"The translation of our custom code was carried out in a pleasant and competent cooperation, and on time within the agreed framework."

Software Localization 

**Impulse** Forschungsgesellschaft für Marketing und Organisation mbH

**Heidelberg, Germany**

"The translation of our texts, some of which are formulated scientifically, others journalistically, requires on the one hand a high degree of linguistic competence and sensitivity, and on the other hand the cooperation with us requires the pronounced ability to adapt to short-term changes in deadlines. We are completely satisfied with Transline's services."

**MOBISYS** Mobile Informationssysteme GmbH

**Walldorf, Germany**

"We were very satisfied with the friendly cooperation, which took place quickly and on schedule. Our programmers, who used the translated document, also praised Transline's technical competence."

**KOMET GROUP** GmbH

**Besigheim, Germany**

"Transline has been our reliable partner for SAP system translations since 2011. The translations have always been carried out competently and on time remotely on our system."

**Linde** AG

**Munich, Germany**

"Transline has been supporting the Linde Gases Division in the translation of its custom code since 2006. The cooperation so far has been very successful. The promised deadlines have always been met. We can warmly recommend a cooperation with Transline to other customers."

**MAN** Truck and Bus AG

**Munich, Germany**

"Despite the tight deadlines, the agreements with Transline were always implemented on time, in perfect quality, and within the agreed framework. On behalf of my team, I would also like to thank you for the exclusively positive experience with Transline so far."

**J&M** Management Consulting AG

**Mannheim, Germany**

"We have been working regularly with Transline for years. The delivery of the comparatively demanding marketing texts to be translated is always fast and reliable. Our texts are always translated into the target language in a stylistically correct manner."

| SAP |  
**Strategic  
consulting for  
your translation  
process.**

**Your products and all accompanying material have to reflect the linguistic and cultural characteristics of the target country. This creates applications that are understood and experienced globally – for optimum user experiences that transcend linguistic borders.**

# ITÉ

**Natuvion GmbH**  
**Walldorf, Germany**

"Transline always supports us reliably and competently even with short-term requests. We can strongly recommend their services."

**SAP AG**  
**Walldorf, Germany**

"Transline always stands out in joint SAP translation projects due to its flexibility, scalability, and on-time delivery. We have absolutely no hesitation in recommending Transline's translation services to other customers."

**Sortimo International GmbH**  
**Zusmarshausen, Germany**

"We have been successfully working with Transline since 2011. The translation of our SAP documentation into different languages has always been done promptly and efficiently. Transline is a reliable and technically competent translation partner."

**thyssenkrupp Materials Services GmbH**  
**Essen, Germany**

"Thanks to our cooperation with Transline, we were able to deliver the translation of our template on time and in the required quality. Even change requests at short-notice could be implemented to our complete satisfaction."

**Winkelmann Group**  
**Ahlen, Germany**

"Since the translation of the system functions plays a secondary role in an ERP project, the quality of the partner for the translation is crucial for a smooth project and continuous updates. Transline works very independently and takes an active approach, providing high quality both with regard to the actual task and task management. As a partner, we couldn't do without them and are happy to be well supported by their SAP Basis expertise, especially in critical situations."
